

RESIDENT TRAPLINE MANAGEMENT WORKSHOP

A new workshop designed for the **Resident Trapper**. This is a two-day workshop to help resident trappers build their trapline and the tools to manage it.

This workshop is two workshops in one and you will receive two certificates on completion. The resident management as well as the snaring workshop.

We will cover :

- Ethics and personal responsibility
- Building landowner relations
- Public visibility
- Building your line
- Dealing with carcasses
- Accidental and non-target avoidance
- Personal and public safety
- Footholding with baits and lures
- Professional fur handling
- Modern snaring

We will be setting foothold traps working with snares and handling fur. This is a great chance to upgrade your skills as a Resident Trapper.

The price is \$180 for the two day workshop.
